Second Eleven Team Race With Washington University Student Was
May Play Some Postponed Until Secretly Married In
With Selma. Spring. September.

BRANCH OFFICE, 2121 STANFORD PLACE

BERKELEY, Dec. 10.—In recognition of the faithful work done by the second eleven of the University of California football squad, the Executive Committee has decided to have the men take a trip during the Christmas holidays. Graduate Manager Ezra Deoto has been instructed to arrange for a match with some reputable team. At present the most likely match is one with the team of Selma. Their representative in Oakland has asked for a game with California, and the Berkeley management has signified its willingness for a game to be played on Christmas or New Year's day. This answer has been sent to Selma and there the matter rests.

From year to year the college public generally and also the management has learned to appreciate the work done by the second eleven men. Until now it is generally agreed that a good first eleven means a winning varsity, but of this growing appreciation has sprung the custom of giving to these men small "X" sweaters. Those upon whom the honor has been conferred this year are Phillips, Howard, Huns, Kettis, Ford, Canning, Cummings, Craig, Burke, Symmes, Geary, Johnston, Wallop, Boynton, Barry, White and Kittrell.

Should the team decide to take the trip the men must at once begin to train, as they are completely out of condition. Who will compose the team is not known but it will probably be made up of the men mentioned above.

COLLEGE MAN IS SECRETLY MARRIED.

BERKELEY, Dec. 10.—A secret marriage that has started the University world is that of Miss Mabel Ransom and Earl C. Stevens, of the Senior class at the University of California. The young couple have been married since the 13th of last September, but so quietly have they kept their secret, that it was not until yesterday that even their nearest friends learned of the wedding. When the bride's brother, who had been invited to the wedding, put a notice of the marriage in the paper.

The announcement created considerable stir in college circles, owing to the prominence of the contracting parties and the unusualness of the event. Mr. and Mrs. Stevens were married in San Francisco, which place they quietly slipped one day and were made man and wife without any one but themselves and the officiating clergyman being aware of the wedding. Mr. Stevens should graduate from college. The ceremony was performed by Rev. W. H. Hall, who is acquainted with her parents, while Mr. Stevens resumed his work at the University.

Although Mrs. Stevens was not a student at the University, she is well known in college circles. Having attended many of the student dances, E. C. Stevens is a Senior in the College of Mining. He, too, is well known in University circles. Both Mr. and Mrs. Stevens are prominent musicians. Mr. Stevens is an excellent cellist and has played at many of the college musicals, his wife acting as his accompanist.

Mrs. Stevens is the daughter of Mr. and Mrs. Samuel Ransom of 1173 Last Twentieth street.

SUCCESSFUL CLOSE OF BERKELEY BOATING SEASON.

BERKELEY, Dec. 10.—With the meeting of the University of Washington declared off, boating at Berkeley for the present term is at an end. Earlier in the season the Boating Association of the University of California sent a challenge to Washington for a four-oar shell race on New Year's day. The challenge was accepted and the local team went into training for the contest. Yesterday Mr. J. E. Roadhouse, president of the Berkeley association, received a telegram to the effect that the weather up North was so severe to permit winter training or a winter contest. It asked that the meet be held in May of next year. This telegram California has answered, agreeing to postpone the contest until May. This means that next spring will be held the first intercollegiate boat race on the Pacific Coast. It also means that boating is not to be relegated to a sport for the Christmas vacation, but that it is to take its place among the recognized spring sports of the University athletes.

The term just passed has, perhaps, seen more interest in boating than has ever before been known at Berkeley. It has seen a few men work hard, train strictly and give a splendid athletic exhibition, that at once installed boating as a regular college sport and not only that. Besides establishing the sport at Berkeley, the association has given to Stanford the only wholesome enthusiasm she has ever felt. This same group of men have arranged for an intercollegiate race with Washington. To them will be the credit of establishing boating on the western coast.

Whether Stanford will have a team ready by next spring can not be told.

The men of Palo Alto have at last aroused themselves from their state of lethargy, and seem to be taking an interest in the sport. Stanford has appointed a committee to investigate the bay shore below Palo Alto, to see if there is a suitable and accessible place for boating. As J. E. Roadhouse (Pres. Berkeley Association) has been to Palo Alto, and, with some of the men who have since been placed on this committee, has found a perfectly convenient site at the mouth of the San Francisco Creek, there seems to be no reasonable doubt but that Stanford will add boating to her list of sports. The Stanford committee has also opened communications with Eastern Universities regarding cost of shells, equipments for boating and so forth. If out of this awakening at Stanford a boating crew springs into existence, then California and Stanford will meet next May in their first intercollegiate boat race.

TENNIS TOURNAMENT IS NEARLY COMPLETED.

BERKELEY, December 10.—Of the thirty-two men who entered the single handicap tennis tournament which has been in progress for the last week, only four are left for the finals. The last matches were played last night, but have been postponed on account of the weather. Those left for the finals are Jack Deibert, S. O. Harper, E. M. Baker and S. Lillenthal.

LIFE OF LE CONTE WILL BE PUBLISHED.

BERKELEY, December 10.—A biography of the late Professor Joseph Le Conte is being prepared by Prof. William D. Arms, of the English Department. Material for the work is being collected from many places, both in California and the East. But the chief source of information is Prof. Le Conte's autobiographical manuscript, which has been in the hands of the publishers. Much of the manuscript is completed and is at present being corrected. The work has been struck off in page proofs and the printer is now printing three hundred pages will go to the press by the first of the year.

There will be two editions, the regular edition and a special Berkeley edition, the latter will consist of nearly five hundred pages, including portraits and scenes, associated with Prof. Le Conte's life, both in the East and West.

SALE LEANDRO, Dec. 10.—This week

the resolutions requesting the Southern Pacific Company to put an early morning train on this division in order that the commuters residing in Hayward and the place could make connections with the 7:30 ferry in the morning were forwarded to San Francisco. These resolutions were drawn up by a committee from the Haywards and San Leandro Boards of Trade and were signed by representatives of these bodies. The proposition of attempting to secure this train has been occupying the attention of the two organizations for several months. Some time ago a petition was sent to the company requesting that the train be run on the line between the two cities. Apparently the railroad officials took no action in the matter, as the service has not been changed. The combined request of two of the most influential bodies in this section of the county has now been forwarded to the company in the shape of the resolutions adopted at meetings of the Haywards and San Leandro Boards of Trade. These resolutions set forth very clearly the situation in both towns in regard to the taking off of the train, which formerly connected with the early boat.

It is claimed by the San Leandro Board of Trade that this town has lost a number of residents since the early morning train was taken off, and it is feared that many more will leave, unless the old time schedule is resumed in the coming year. Owing to the recent burning of the Narrow Gauge Ferry Building, and the present heavy travel over the Broad Gauge line, the members of the Board of Trade are afraid the company will be unable to establish the old schedule at once, but it is hoped that as soon as the traffic can again be arranged that the train will be put on.

He will also give courses in Economic History and Introductory Economics. After next term, Professor Mitchell will not divide his time between the colleges of commerce and economics, but will devote himself exclusively to the former, in which he will offer several new and valuable courses.

ELMHURST BARBER ACCUSED OF USING A BOGUS UNION CARD.

ELMHURST, December 10.—Considerable feeling has been stirred up in Elmhurst over the use of a bogus union card. It had been carried on for some time by A. A. Silva, a barber, who had been thought of along by the street car men of Elmhurst, most of whom are union men. It is the opinion of the union men that Silva, as he possessed a card and pressed to be in favor of the union of trades, a short time ago, through a hind dropped in the shop, an investigation was made by a local union man who became suspicious that Silva was not a member of the Barbers' Union. Monday the Secretary of the union called on Silva and the Secretary at once tore the union card from the wall. It is not known what action the union will take in the matter, but it will probably be settled by Silva, who will no doubt join the Union. It is the opinion of the union men that Silva purchased the card from some Oakland barber. It is not thought that he will lose his union trade, as he is a man well liked and will undoubtedly patch the matter up satisfactorily with the Union.

A SHOCKING DISCLOSURE.

The statement of Goodwin Brown of the New York State Lunacy Commission to the Senate Committee on Immigration to the effect that half the \$4,000 inmates of the insane hospitals of the Empire State are foreign born is rather startling. He said the insane patients were increasing at the rate of 700 per year. The foreign born insane belong to the pauper class, and he declared they should never have been allowed to land. If this be true, and there is no reason to doubt it, the country is being flooded with the mentally and morally diseased of older and more effete nations at a rate hitherto unsuspected. The presumption raised by his testimony is that the immigration laws have been grossly violated.

The law forbids the landing of idiots, insane persons, criminals, paupers and others likely to become a public charge or a menace to the public health or peace. This statute was made necessary because the public authorities in Europe persisted in shipping these undesirable classes to the United States. A rigid system of inspection and examination is maintained to enforce the law. Yet it appears that its provisions are violated or evaded in a wholesale manner.

It is now suggested that the statute be amended by adding the following provision: "Any alien who becomes a public charge by reason of lunacy, idiosyncrasy or epilepsy within two years after arrival will be presumed to have become such from causes existing prior to landing unless the contrary be affirmatively shown." This provides that deportation may be ordered any time within two years after arrival.

But here arises a difficulty. Suppose the authorities of foreign countries refuse to receive them back after they have been permitted to reside here a year or two? It might be said that after inspecting immigrants and allowing them to land our government would have no right to send them back if it subsequently developed that they were undesirable. There would be a measure of justice in such a contention, but the chief obstacle would be in difficulties and expense attending deportation long after the delinquent had been allowed to land.

Very likely collusion between the immigration officers and the steamship companies is the root of the trouble. Any vessel bringing insane, paupers, idiots and the like to this country is required to take them back when pronounced undesirable. But after such aliens are passed officially and allowed to land the obligation of the vessel owners ceases. The immigrant travel is a large item in the revenue of the transatlantic steamship companies, and as they are responsible, they connive at all sorts of tricks to get their undesirable passengers landed. The plain remedy appears to lie in making the immigration officers rigidly enforce the present law and compelling the steamship companies to live up to it. Matters will be little mended by asking Congress to enact a more drastic statute because the present one is disobeyed.

A KENTUCKY SOLOMON.

At last the worm has turned. A Kentucky worm at that, but not the worm of the still. This is no sour mash story, but the record of a fact. It is the fashion of certain ladies who want to vote and chew tobacco and spit like men to assert that their sex is downtrodden and oppressed by the male part of creation. They claim the laws are made for men and discriminate against women. None of them complain of being exempt from military and jury duty and paying poll tax, but they insist that they are cornered by the victims of man's tyranny. Generally speaking, man has shamelessly accepted the indictment and meekly gone on paying the poll tax and the gas bill, standing off the butcher's bill, lighting the fires in the morning and letting the small of his back be used as a warming pan for cold feet, but at last a protest is heard. It comes from the bench, and voices the wisdom of Solomon as well as a deep and rankling sense of injury. Every man who objects to having these United States Carrie Nationized will endorse this opinion handed down in a divorce case by Circuit Judge Toney of Louisville.

"The marital relations at common law between husband and wife and their property rights have been abolished in Kentucky by statute. The doctrine of unity of person of the two is abolished. The doctrine of merger is revised and the gray mare is the better horse.

"In every legal contest between husband and wife he is the under dog in the fight. If she have an estate and he none he is a pensioner on her bounty, and it is only ex gratia he may enter the back door of her mansion.

"I know a matron herself sailing in her yacht in the Mediterranean Sea, while her husband is in the poorhouse. He is not entitled to her personal property, nor to her rents, nor to her earnings, nor to anything that is hers, and is not even allowed to give her a mild Blackstonian chastisement to keep her in a good humor.

"The common law baron is dethroned and the feme enthroned in every legal right and advantage over

him. Dover and courtesy are abolished in Kentucky. Notwithstanding the total disruption of marital status of property rights of husband and wife at common law, the husband, the poor fellow, is still liable for her torts, her gossip and her spring and fall hats and a fortiori for her necessities, whether furnished by the State, if she is insane, or by some other man, if she is not in the asylum."

O wise Judge! O henpecked jurist of Kentucky! You are man's only defender, and we salute you. But we'll wager a doughnut to a darning needle that Judge Toney, after rendering that decision, went home and told his wife it was all a joke and squared matters by putting up the price of a new gown. Even a Kentucky Judge is a good deal bolder about such matters on the bench than he is around his own fireside. He knows who runs the show.

GOODFELLOW RECEPTION.

An interesting society event of the week was the party given yesterday afternoon at the residence of Mr. and Mrs. William Scott Goodfellow at 923 Fifth avenue, in honor of the advent into society of their daughter, Miss Marion. Miss Goodfellow is a handsome and vivacious brunette of charming personality and is very popular in the younger society set. The commodious home of the Goodfellows was charmingly decorated with elaborate creations of the florists art and the effect was indeed beautiful. The main hall was transformed into a fernery composed largely of Woodwardia, ferns and huckleberry and over the door leading to the drawing room there was a handsome creation in the shape of a fan made of palm leaves.

The rear hall was a veritable bower of bamboo ferns. Other decorations were on the same order.

Mrs. Goodfellow's gown was of white lace, and Miss Marion was gowned in a white silk gown over tulle, with pearl trimming.

In the receiving party were Mrs. L.

Marion Smith, Mrs. A. A. Moore, Mrs. R. C. Coogan, Mrs. A. L. White, William Angus, Judge H. A. Melvin, Stanley Moore, Louis MacDermott, Dixwell Davenport, Stuart Davenport, Allen Chickering, Walter Starr, Will Stubbs, Will Orrick, Lloyd Womble, Sterling Carr, Frank Ballard, Joe and Ed King, Eugene Hewitt, Will White and Arthur Goodfellow.

RELIANCE BENEFIT.

The Reliance Club benefit last night was a large success. The house was crowded to the doors. Mrs. Grace Davis-Northrup, the popular local vocalist, sang several solos. She was followed by the University of California Mandolin and Glee Club. The Reliance Club athletes were next on the stage, and by their clever performance won their share of the applause.

Charles Heeseman, Dave McLaughlin and Pete Sloan, the well known local entertainers, kept the house in constant laughter with their new one-act comedy entitled "The Pipe of Peace." Baby Dwyer in her songs and dances and Lloyd Spencer with songs and stories completed one of the best programs seen on the amateur stage here in years.

EBELL CLUB.

The Ebell Club celebrated its twenty-sixth anniversary yesterday. About 200 sat down to table. Miss Mabel Gray, president of the club, was a successful and entertaining toastmistress. Mrs. Grace Davis-Northrup sang two solos and Mrs. John L. Howard rendered a selection on the piano. Several ladies then responded aptly to toasts. The subjects and the speakers were: "The Club—Its Purposes and Its Aims," Mrs. H. B. Pinney; "The Founders of the Club," Mrs. A. C. Buckle; "The Ex-Presidents," Mrs. Irving Cockcroft; "The Admiralty of the Fleet," Mrs. Buckley; "A Word to the Wise," Mrs. L. J. Spencer; "Butterflies and Bees," Mrs. Hume; "The Bachelor Maids," Miss Evelyn Craig; "Husband and Prospect," Mrs. C. C. Timmerman; "The Club Women in the Home," Mrs. John B. Baker.

In reviewing the life of the club Miss Gray said in part: "Twenty-six years ago a number of cultured people met and formed themselves into a society for the study of art and literature. Because of his inspiring influence and earnest work in endeavoring to advance the society the club assumed the name of Professor Ebelle. That this little band extended its interest in its desire to seek art and literary culture is shown by the fact that its members did not organize during the summer months when there was nothing else to do; they did not organize during the autumn when it would seem to be the proper time for taking up work for the winter months; but they organized during the holidays, the busiest season of all the year. After the good work had been carried on for eight years articles on "Prospectivity" were drawn up, and each following year sees the society more and more progressive."

Most of the things which "great men" do in the most ordinary affairs of life are so common and so unimportant that they hardly need notice of history.

SMALL GAIN MADE BY BISHOP.

RECOUNT IN SHERIFF'S CONTEST WILL CONSUME SEVERAL WEEKS.

Sheriff Oscar L. Rogers has lost a few votes in the recount, as far as it has progressed, but as only one precinct has been completed this can hardly be taken as a criterion by which to estimate the ultimate result of the contest.

At noon today the recount of the second precinct of the Fifth ward, the first precinct counted, was completed. It gave Rogers fifty votes, as against fifty-four for Bishop. The official figures were: Rogers, 65; Bishop, 60; Rogers, therefore, lost five votes in the precinct.

Judge Ellsworth commented strongly upon the law that compelled him to reject ballots of voters whose intentions in making their ballots were evidently honest, but who had left some mark that had to be construed as being one of identification.

It was held by the court that ballots on which a voter had made a double mark, evidently in an effort to make the original mark more plain, could not be counted. Following the ruling of the Supreme Court Judge Ellsworth also laid on the shelf all ballots on which a cross had been stamped in the blank space opposite the "no nominations" column.

One ballot was thrown out because the voter had, in addition to placing a cross opposite the name of Henry P. Dalton, had written the latter's name in one of the blank spaces. Another ballot was thrown out because there was a double cross after the name of Supervisor Joe M. Kelly.

Owing to the fact that objections are being made to all ballots having any mark, the recount is progressing very slowly. At the present rate the contest will take several weeks.

FOUR MONTHS FOR STEALING A RING.

A. Howard and Harry Bell appeared in the Police Court this morning on the charge of attempting to steal a ring from the jewelry store of B. Lissner, on Washington street near Twelfth.

Bell pleaded not guilty. Howard said he was willing to plead guilty to a misdemeanor.

"You are charged with petty larceny," said Clerk Hennessy, "and that is a misdemeanor."

"I thought I was charged with appropriating and taking away," said Howard.

"If you took the article and attempted to take it away, it is the same offense," said Judge Smith.

"I will waive the time for sentence," said Howard.

"Four months in the City Prison," was the sentence imposed by Judge Smith.

Howard took a diamond ring from a tray in Lissner's jewelry store Monday night and attempted to substitute for it a cheaper ring which was tagged after the manner of those already in the tray. The clerk, however, detected Howard in the fraud and placed him under arrest.

Bell watched the transaction from outside the store and was arrested as an alleged accomplice.

Howard claims to be a San Francisco barber and Bell a bartender from the other side of the bay. The latter will be tried by the Judge December 15th.

B. TEHNEMANN IS GIVEN A GOLD WATCH.

In recognition of his efficient services as manager of the Harbor Republican Club during the late political campaign, B. Tehnemann was presented with a magnificent gold watch last night at a social gathering of the club members in the club rooms at 5 Market street, San Francisco. The presentation was made by Captain C. H. S. Pratt of the executive committee, and when Mr. Tehnemann had recovered somewhat from the surprise he made a neat speech of thanks.

"The watch is of an Irish make and is encased in a handsome bed of gold. On the outside is the harbor seal emblem, while on the inside of the case is the inscription: 'Harbor Republican Club, C. H. S. Pratt, chairman of the executive committee; C. J. Kelly, president; B. Tehnemann, manager.' December 15th."

Mr. Tehnemann is one of the board of directors of the Mendocino State Hospital, and with the Harbor Republican Club, gained a State reputation during the late campaign.

LEMONS ON EXHIBITION.

A half a hundred as the lemons as anybody would wish to see are now on exhibition in the rooms of the local board of Trade as a sample of what can be grown in the citrus fruit right in Oakland. These lemons were grown in Piedmont, California, and are of a most excellent shape, free from any semblance of scale and are large and juicy. That citrus fruits can be raised in Alameda county as well as in any other section of the State has been proven beyond doubt by the few who have recently made beginnings in citrus culture.

HANLON AND HAUGH READY FOR THEIR
BATTLE AT THE ACME CLUB—NEWS OF
THE FIELD CLUB AND TURF.

Eddie Hanlon is now favorite in the betting on his fight with Maxie Haugh, which is scheduled for the Acme Athletic Club this evening. There has been a disposition all along to make it even money, but the youth of Hanlon and his excellent record have forced his price up and the betting men are finding Haugh money scarce.

While Haugh has more battles to his credit than Hanlon, he is a much older man and the ring critics say his age will tell against him. He is not stale, they say, and should make a game fight, but they say youth counts and for that reason are backing the younger man.

Hanlon and Haugh were measured yesterday and it was noted that the former had an advantage in height and reach, but the latter was bigger every other way. Haugh's chest expansion was larger, his neck stouter and legs and arms heavier. But really Hanlon's longer reach and height are advantages that cannot be overlooked, and with youth and strength, Haugh has a task in front of him, providing the weight does not affect the Californian.

The preliminaries promise to be exceptionally good. The first will be between Louis Long, the Reliance Club favorite, who beat "Kid" McAdams recently, and "Kid" Howard. The second will be between Monte Attel and "Jockey" Garza.

J. Jeffries, the present holder of the title. This was done in accordance with the wishes of Jim and in response to a rope and letters asking that such a move be made. The date set for the meeting is May or June of next year, giving ample time for preparation. This time is named so that it cannot conflict with any theatrical engagements of the champion, it being conceded that summer in the East is a bad season for road shows. The money was put in Thall's hands merely for him to act as temporary stakeholder, and may be transferred to any one else selected by Jeffries when he is willing to cover it.

JEFFRIES AND FITZ IN THE RING

JIM CORBETT HURLS A CHALLENGE
AT THE BIG CHAMPION.

PORTLAND, Dec. 10.—James J. Jeffries, champion, and Robert Fitzsimmons, ex-champion, gave their initial boxing exhibition last night at the Exposition building before a large crowd. The two men went three full rounds to the delight of the audience, but while they gave a good exhibition of their work there was no attempt to do anything that might accidentally develop into a knockout blow or any other show.

Fitz and Jeff arrived yesterday morning from California, being accompanied by Clark Bull, the Australian's manager. Each man before the exhibition did some talking about fighting again. Jeff intimated that he would give Corbett another chance. He said he had given all the other big fellows two chances and Corbett was entitled to the same show.

Before going on the stage Fitzsimmons declared his intention of entering the ring. He said: "I am willing to fight any man in the world, bar nobody. I did intend to quit the ring after my fight with Jeffries, but I am as good as today as ever I was, and better than any other fighter I know of, excepting the champion."

The party left last night for Everett, Wash.

Harry Corbett yesterday posted \$2,500 with Sam Thall to bind a match between his brother, James J. Corbett, ex-heavyweight champion of the world, and James Fitzsimmons.

track yesterday proved to be an interesting sight and was hugely enjoyed by the spectators. The race was over a short course and the first place was a gift for Duke of York, who proved to be a clean performer over the sticks. Alinhuss was the only horse to press in close, but he unseated his rider at the taking the last jump and this entitled Rainier to second place.

The betting public had a little the best of the deal yesterday although the track was fetlock deep in slush. The first two of three races went the bookies way, but the remaining events brought coin to the talent.

John Brownell, marked at 60 to 1, was a dangerous rival for first place in the opening event, but the journey went to Louwisa at 7 to 1.

The following is a summary of the results yesterday:

First race, futurity course—Louwisa, 7; won. Jim Brownell 60, second. El Kaen 10, third. The other starters were: Corbio, Geraldino Brown, Sauty, Arthur Ray, Kath, Danis, King Herald, Sleeping Child, Arthur Ray.

Second race, one mile—Byrondale 18 to 5, won; Stuyve, 6 to 5, second; Earl 9 to 2, third. The other starters were: Polonus, Bill Masell, Delseguio, Seize Time—1:14.

Third race, futurity course—Ned Dennis 12, won; Malasopia 7 to 2, second; Filibuster 10, third. The other starters were: Snark, Cassie W., Sunello, Montoya, Phyllis. Time—1:14.

Fourth race, one mile chase, short course—Duke of York 7 to 5, won; Rainier 10, second; Alinhuss 12, third. The other starters were: Granger, Jim Mace. Time—3:40.

Fifth race, five and one-half furlongs—Gold Bell 9 to 2, won; Deutchland second. The Fog 18 to 5, third. The other starters were: Bell, Orsuis. Time—1:09 1-4.

Sixth race, six furlongs—Sad Sam 17 to 20, won; Glen Linn 5, second; Glen denning 18 to 5, third. The other starters were: Ray Dare, Melanus, Bonnie Lissak. Time—1:23 1-4.

SACRAMENTO TEAM WIN FROM EASTERNERS

MIKE FISHER'S PLAYERS GIVE
ALL-AMERICANS A SURPRISE.

SACRAMENTO, December 10.—Fisher's tall-enders demonstrated their ability in yesterday's contest by defeating the All-Americans by a score of 2 to 1 in one of the fastest and best contested games of ball ever witnessed in Sacramento, or for that matter in any other city, according to the opinion of seasoned experts in the national pastime. Sacramento's play, throughout, was wonderful surprise to the kings of the East, on grass plat, who used their utmost to achieve a victory in such and every stage of the game, but without success.

Cutter's delivery was an enigma which they simply could not solve, and during the nine innings only two safe hits were made from his delivery. He had superb control, walking but two men and fanning out five. In the ninth inning he threw the side out, but was out of control at first and striking out Jones and Davis. He was repeatedly cheered by the fans for his splendid work.

BASEBALL LEAGUE WILL BE ENLARGED

PORTLAND AND SEATTLE WILL
BE TAKEN INTO THE
FOLD.

The California Baseball League will be enlarged next season to a coast affair of six clubs, with the present cities—San Francisco, Oakland, Sacramento and Los Angeles—representing California and Portland and Seattle holding up the northern end. When the proposition came from Portland last summer to leave the Pacific Northwest League with Seattle and join California, the local magnates decided to take action at that time.

A few weeks ago John Marshall, secretary of the Portland club, visited San Francisco and conferred with Henry Harris. The visit was construed to mean that these two cities were still desirous of the affiliation, now the matter is practically settled, and with the known facts it is safe to say that both of the towns named will consolidate with the California League at the annual meeting, to be held within the next two weeks.

BOWLING GAMES.

The first series of three games in the nine game match between the two Association clubs of Oakland was bowled last evening on the Thirteenth street alley. The second series of nine games was displayed by the audience as well as the players, owing to the fact that the two clubs are bowling for local championship as well as a New Year's dinner series of three games will be bowled on Friday evening, the 12th. The Eagles now lead the contest by

SWITCHMEN ARE GIVEN MORE PAY

SOUTHERN PACIFIC COMPANY INCREASES WAGES OF THE MEN.

The switchmen in the employ of the Southern Pacific Company have been given a new wage schedule which established a straight rate per hour instead of the former wage rate of \$75 per month for day men and \$80 and \$90 per month for night men.

The new rate is as follows: Day helpers, 25 cents an hour; night helpers, 30 cents an hour; night foremen, 35 cents an hour. The schedule provides for "no Sundays off," but the figures will allow the men to take two Sundays a month and will still be an appreciable increase over the former figures.

Recently the switchmen at Chicago and other cities both east and west of that place were given an increase and the new wage schedule as fixed by the Southern Pacific Company is known as the "Chicago schedule."

There is a rumor at the West Oakland yards that the switchmen will, through

their union, endeavor to have the company grant them the two Sundays a month allowed off with full pay added to the engineers and firemen have presented a demand for an increase in pay and it is reported about the West Oakland yards that the men will be given an increase of 8 per cent.

SUES OAKLAND TRANSIT COMPANY FOR DAMAGE

C. L. Melzer, who was struck by a car of the Oakland Transit Consolidated in Alameda two years ago, has sued that corporation for \$5,000 damages.

Melzer alleges in his complaint that the accident was due to gross carelessness in managing and operating the car which caused his injuries.

Melzer, on the day mentioned, was at the corner of San Jose avenue and Park street, Alameda, and was crossing the tracks of the company as the car approached and struck him. A number of ribs were broken, his face, head and body were badly cut and for several months he was confined to his bed. Besides the numerous cuts and bruises Melzer alleges that the shock to his nervous system was so great that he will never recover, and is informed by his physicians that he will always be an invalid. His expenses during the time he was in bed, he claims, amounted to \$25 for medical attention.

"MY BOYS" AT THE DEWEY THEATER

The management of the Dewey Theater made no mistake in placing on the boards, this week, the sterling play, "My Boys." It charmed the audience Monday night and, last night, the applause was almost continuous. The play is not only a good one but the cast which it has received at the hands of the stage manager, guarantees an evening of entertainment of the most delightful character. The scenic artist has aided liberally with the best of his work and, as a consequence, the piece has been mounted with artistic and metropolitan effectiveness. The play will run all this week.

A PIANO FOR CHRISTMAS!

What Could be Nicer?

Pommer-Eilers' Christmas Piano Exhibition and Sale will Brighten many a Fireside.

Last Monday morning Pommer-Eilers' Music Company commenced a grand Holiday Exhibition and Sale of the very choicest productions of the best American Piano manufacturers. The display includes the very finest and most costly Upright and Baby Grand Pianos ever shown here, in cases of all the various rare and beautiful woods used on y in highest class piano making.

Here are to be found Pianos such as are being sold by old method dealers for \$650, \$725, yes, even \$850. But with us you will find them priced \$418, \$457 and \$486, reductions that our modern methods and many unique facilities make possible.

The days for fancy prices for Pianos are over. The days of two or three different prices on the same piano are over. It was predicted by those who knew, that the coming of Pommer-Eilers Music Company would mean a veritable revolution in the Western Piano trade. Our coming was the death-knell to old foggyism. And it has wrought tremendous changes. We need only to call your attention to the fact that Pommer-Eilers Music Company sold during last month, as it did also during the month preceding, more fine Pianos and Organs than were sold by the combined Western Piano trade.

And so we commenced on MONDAY our Holiday Exhibition and Sale of beautiful Pianos. A piano is the queen of Christmas gifts. No article entering the home is more appreciated by young and old alike. A good piano is more than a friend—it invariably becomes a beloved member of every cultured home.

A good piano means the daughter's education. A good piano keeps the boys at home. Tin whistles, Noah's arks, toy engines, and the like, for which many dollars are dribbled away each Christmastide, won't do it; it takes a piano; a good sweet-toned, durable piano, such as is sold by Pommer-Eilers Music Company.

Nor does it take much money or any great effort to own a fine piano just now—\$25 down, and \$10 or \$12 a month will secure the best makes, while good ones are obtainable for as little as \$6 a month. This certainly looks easy, and it is easy. And then the saving in the purchase price now possible is more than enough to fairly educate the youngsters in music.

In figuring your holiday expenditures do not therefore overlook the Piano. We will deliver the instrument as a Christmas surprise at any hour you name, and what could be more delightful to mother, daughter or son than a handsome, new, sweet-toned Piano?

You cannot afford to overlook the holiday exhibition and sale of Pommer-Eilers Music Company. For those who cannot conveniently call during the day, we have made arrangements to keep store open until ten o'clock every evening. All pianos and organs will be accepted at fair valuation toward payment of any new piano included in this sale. Catalogues and full information will be cheerfully supplied to residents out of town. Send for postal to-day.

Remember, too, that all pianos sold by Pommer-Eilers Music Company are fully and unconditionally warranted. "Money back if not absolutely satisfied" applies to every instrument sold by us. Remember the number—653 Market street, below the Examiner Building.
